I am a solution-driven web developer adept at contributing to highly collaborative work environment, finding solutions and determining customer satisfaction. Proven experience developing consumer-focused websites using HTML, CSS, JavaScript, ReactJS, Wordpress, Python, Django and PHP. Meeting highest standards for web design, user experience, best practices and speed. Designed and developed web applications across multiple APIs, third-party integrations and databases. Enthusiastic web developer eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Motivated to learn, grow and excel in web design and development.
